MFA Communication Design is built for researching the proper way of communication through various contemporary media. With the research, students and faculty are to propose advanced discourse in design field. By breaking the boundaries made by the old media-centered design method, we aim to research communication design as a integrated human behavior to reorganize the society. Individual students stay close to their peer as well as faculty, so that, the entire members are always well-advised and focused.

## **Curriculum**

In this two year program the studio performs seminar, workshop, self-initiated projects to develop both theory and practice. At the end of the program, students are to accomplish their research and it results as a thesis. The first year curriculum is composed of Communication Design Seminar, Communication Design Theory, Graphic Studio. The second year curriculum is focused on individual study to build thesis. We accept only 4.6 qualified students each year to keep the program size small for an in-depth study.
